What's Included?

Price

Microsoft Savings Blueprint - Your Proof of Savings Report & Service

We'll use your purchasing data, Office 365 entitlements, and Microsoft agreements to help you uncover your organization's Microsoft spending footprint through a comprehensive report outlined by our team. With the Microsoft Spending Blueprint, you can see your organizational spending from a birds-eye view to understand how your company is using your O365 subscriptions, if any cost-saving benefits can be applied, and what your predicted Microsoft spend will look like in the coming years.

$500 - $20,000

Service Fee depends on company size.
